Private Coastal Escape

**Offered at
\$750,000**

This delightful home, on almost a half acre parcel, has unobstructed and sweeping bay views. The house is nicely nestled on the site, situated with the dunes behind and a row of trimmed Cypress trees in front. This, combined with the separation from neighbors, creates an ideal setting, both private and sheltered. The single level floor plan above a garage and huge storage area has a warm and inviting great room with grand redwood walls, cathedral ceilings and blue water views. A large bay view deck to the Southeast is totally sheltered from the prevailing coastal breeze. Landscaped with water features and mature trees. Adjacent and separate (unbuildable) fenced 1,890 square foot parcel is included in the purchase price.
